

# Through the echoes

Paolo Nutini

Toonsoort C

## Verse

I'm always wondering, what it would be like to die?

She asks me why?

I always smile when I feel like, I'm gonna cry

She asks me why?

## Pre-Chorus

Over the cliff, and phantom sense

She's always offering me her hand

I hear her coming

## Chorus

Through the Echoes

Through the Echoes

Through the Echoes

Straight to me

## Post-Chorus

Over and over..

Over and over..

Over and over again..

## Verse

She's always wondering, what it would feel like to fly

I ask her why?

She says everything that she sees is shiners in the sky

Up there shining

Pre-Chorus

When your bellys rumbling down the phone

When you ask for better than a storm

When you feel like you're alone

Listen for me, coming

Chorus

Through the Echoes

Through the Echoes

Through the Echoes

Straight to you..

Listen for me, Coming!

Through the Echoes

Through the Echoes

Through the Echoes

Straight to you..
