

Average White Band - Whatcha' Gonna Do For Me (Erykah Badu)

Intro 3x

All night and all day, just chippin' away
It's all in a day's work
Tryin' hard to defend
The time that I spend alone

The ground that you lose exploiting the blues
Won't get you the job done
Still, as deep as it bites
I'm keepin' my sights on you, ooh

Come on sing

Whatcha gonna do for me (tell me truly)

What are you gonna do for me (what's on your mind)

Whatcha gonna do for me

When the chips are down, when the chips are down

Intro theme 2x

In the cool of the night
When nothing seems right
The feeling can take you
Just as strange as it seems
You make your own dreams come true

If you try to conceal

The way that you feel

You're askin' for trouble

(Sure) Just as sure as you'll cry

I'm keepin' my eye on you, ooh

Whatcha gonna do for me (tell me baby)

What are you gonna do for me (you gotta let me know)

Whatcha gonna do for me

When the chips are down, yeah

Modulatie

You don't have to tell me

I'm to blame for this

What you hold against me

Is the.... **very thing that I miss,** ooooooh

Instrumental sax solo

What are you gonna do for me (you gotta let me know)

Whatcha gonna do for me (tell me truly)

Whatcha gonna do for me (when the chips are down)

All night and all day, just chippin' away

Whatcha gonna do for me

Why don't you make it special

Just as strange as it seems

You make your own dreams come true

Whatcha gonna do for me

Why don't you tell me truly

Whatcha gonna do for me

What are you gonna do for me (you gotta let me know)
