

## **Tonight - Loïs Lane**

**Take a little time out, boy  
Could it be we're movin' just a little too fast?  
Take a little time out, boy  
Feels so good, I wanna make it last  
Soon I'll be fallin' for you, baby  
Fallin', have a little patience, please**

**Why come back to me now?  
Didn't I tell you we should take some time?  
Why you're pushin' me over?  
Can't you see I start to lose my mind?**

**I feel I'm fallin' for you, baby  
Fallin', have a little patience, please**

**Tonight I'll give myself away  
'Cause I can't wait another day**

**Once I was strong enough to turn around  
And guys would mess with me  
Once I was strong enough to choose the one  
Who had the decency**

**But now I'm fallin' for you, baby**

**Fallin', catch me if you can**

**'Cause I ...can't wait another day**

**Tonight I'll give myself away**

**Oh, I've...been waitin' for that day**

**That I could give myself away**

**(oooh oooh)**

**Take me away, boy, find a place where we can hide**

**I ..lost ...my... senses**

**Come on, be my guide!**

**Instr 1/2 refrein**

**Tonight I'll give myself away**

**Oh, I can't wait another day**

**Tonight I'll give myself away**

**'Cause I can't wait another day**

**Tonight, tonight, tonight**
