Verse 1

There are places I'll remember
All my life though some have changed
Some forever not for better
Some have gone and some remain

Bridge 1

All these places have their moments
With lovers and friends I still can recall
Some are dead and some are living
In my life I've loved them all

Interlude

C G

Verse 2

But of all these friends and lovers
There is no one compares with you
And these memories lose their meaning
When I think of love as something new

Bridge 2

Though I know I'll never lose affection
For people and things that went before
I know I'll often stop and think about them
In my life I love you more
